

`sfgui::Margin`

```
classDiagram
    class sfgui_Margin["sfgui::Margin"]
    class sfgui_Object["sfgui::Object"]
    class Checkbox
    sfgui_Object --|> sfgui_Margin
    sfgui_Object -- sfgui_Margin : m_margin
```

The diagram illustrates the relationship between three classes: `sfgui::Margin`, `sfgui::Object`, and `Checkbox`. `sfgui::Object` is a base class for `sfgui::Margin`, indicated by a solid blue arrow pointing upwards. `Checkbox` is a subclass of `sfgui::Object`, indicated by a solid blue arrow pointing upwards. Additionally, `sfgui::Object` has an association with `sfgui::Margin` named `m_margin`, represented by a dashed purple line with an open arrowhead pointing to `sfgui::Margin`.
